

Mirror With Caddy 1100x380mm 6841-T2-80CN

INTRODUCTION:

To achieve aesthetics of modern bathing space, we have to simplify its interior design and also keep it functional. Mirror with caddy concretizes this abstraction. It perfectly displays the minimalism of household by moving storage space behind mirror, making visual impression really comfortable. Besides, the mirror with explosion-proof membrane and aluminum frame provides high level safety for users.

DESCRIPTION:

- 1.A well installed product can load up to 30 kg f.
- 2.Aluminum(6063T5) frame was process with anodizing, highly antioxidant.
